

LETTER OF INTENT

As a consequence to the debates during the Summer Academy in Resita, Romania, from the 12th -13th June in Resita, we, the undersigned of this document, declare our interest to collaborate in the following directions:

1 Establishment of an academic network within the field of “Entrepreneurship and Innovation”.

The main objective of this network is the improvement of the students’ qualification in this specific field, by implementing adequate, interactive teaching methods. Another goal is the development of the intercultural cooperation abilities of the students.

The partners of this network will also support the attendance to innovations and form innovation skills in the respective regions of the universities, in order to improve the innovation climate and to increase the number of innovations.

2 Participation to the submission of an EU-project proposal, in order to assure the financial support for the specific activities of this academic network.

The roles and responsibilities undertaken by each partner in the cooperation and the future project implementation will be agreed between the partners during the project submission.

The project proposal will be written by the team of the “Eftimie Murgu” University Resita. All the steps and specific aspects of the project proposal will be agreed upon with all the network partners.
